

The Virginia Memorial Chess League

Dear school officials and business leaders,

My name is Mike Callaham. The reason I'm writing is to invite our students, parents, and teachers to learn everything they need to know about playing, coaching, refereeing and organizing chess. Free of charge, on Thursdays from 6pm until 10 pm, we teach children, parents, and teachers, how chess bolsters school applications, and adds "Accomplishments" to resumes. For the business community, we inform them on how "Chess for Hire" means tangible and intangible rewards for all involved!

Our communities don't need more chess players. We need more coaches, referees, and organizers. Over the last 6 years, chess has evolved from a million dollar past time into a billion dollar industry. The "Chess for Hire" skill set meet and/or exceed the Virginia Department of Education's "Ready To Work" requirements! All 22 of them!

The purpose of the league is to honor VA Chess Personalities deceased and living by showcasing their contributions, achievements, and leadership!

Here is a link that should cover any questions about impact SCBC has been having in Central VA.

Attached is our flyer. Feel free to post it as many places as you can. If you have questions of any kind, the answers are just a call away.

Thanks, Mike Callaham 804-426-6058
